Australian Bush Gumnut Singing Angels

Our Gumnut Singing Angels are so sweet and a fun little Australian Bush craft to make. Wander under the Gum trees and collect some Gumnuts and some bush treasures to make wings and halos.

You will need:

- Gumnuts
- Natural wood beads
- Bush loose parts collection
- Glue gun and marker

Instructions:

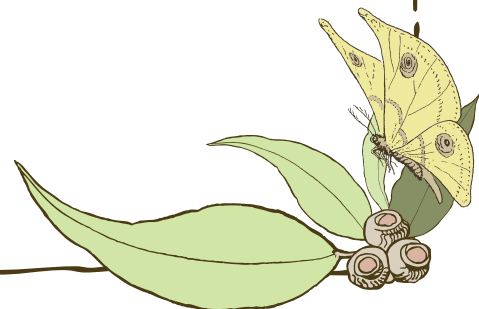

Step 1:

Here is our Australian bush collection for our Gumnut Singing Angels including Gum leaves, nuts and blossoms.

Step 2:

Start by hot gluing your bead onto your Gumnut to form your body and head.

Step 3:

Now glue on your wings. We have chosen some dried Gum leaves and some leaf skeletons we found.

Step 4:

Glue on your halo.

Step 5:

We also added some dried flower blossom for some hair.

Step 6:

Using a marker give your Singing Angel a face.

Your Australian Bush Gumnut Singing Angel is complete. Why not make a few and have a choir of beautiful Gumnut Angels.
